1. NSW Health Advice to Residential Aged Care Facilities - <https://www.health.nsw.gov.au/Infectious/covid-19/Pages/racf-latest-advice.aspx>
2. Latest COVID-19 case locations and alerts - <https://www.health.nsw.gov.au/Infectious/covid-19/Pages/case-locations-and-alerts.aspx>

## 1.1 Visitors

### 1) Residents are permitted to have two fully vaccinated visitors aged 12 years and over, plus two children aged under 12 years per day.

- Visitors aged 12 years and over must have received a second dose of a COVID vaccination at least 14 days prior to their visit.
- Children under 12 years are permitted to visit provided they are accompanied by a fully vaccinated person.
- Where visits include a child under 12 it is strongly recommended, where possible:
  - the visit is in an outdoor area
  - the child should wear a mask
  - the child should have Rapid Antigen Testing (RAT) just before the visit
- Visits should not be in any inside communal areas. All visitors must wear a surgical mask while visiting indoors. For reasons when masks can be removed please see [Additional Advice – Mandatory mask wearing](#).
- People who are providing a service to the resident (including a health or other professional service) are not counted in the number of visitors permitted.

### 2) The Minister has signed an exemption to the Public Health (COVID-19 Care Services) Order 2021 to allow more than 2 visitors per day for the purposes of visiting a resident who is at the end of life.

- The exemption is subject to the condition that the operator of the facility takes reasonable steps to ensure:
  - no more than 4 people (including children) visit at any one time
  - all visitors 12 years and over wear a mask while in an indoor area, unless the visitor is interacting with the resident they are visiting
  - there is minimal interaction between the visitors and the staff and other residents
- The visitors in this circumstance do not need to be vaccinated, however appropriate care must be taken if unvaccinated visitors are entering the facility. It is strongly recommended:
  - the visit is solely inside the resident's room and
  - where possible, the visitors have Rapid Antigen Testing (RAT) just before the visit.

### 3) Visitors must not enter an RACF at all if they:

- have [COVID-19 symptoms](#)
- are a close or casual contact of a person with confirmed COVID-19 unless they have completed their self-isolation and testing requirements.
- are waiting for a COVID-19 test result.
- have been overseas in the previous 14 days, unless they are:
  - fully vaccinated and have received a negative test 7 days or later after arrival in NSW
  - a fully vaccinated international flight crew member and have a negative PCR test within 24 hours of arrival in NSW or a negative RAT taken on the same day prior to entry.

## 1.2 Staff

All staff must wear a surgical mask while in the facility. For reasons when masks can be removed please see [Additional Advice – Mandatory mask wearing](#).

**Staff must not enter the facility at all if they:**

- are a close contact of a person with confirmed COVID-19 in the last 14 days
- are a casual contact of a person with confirmed COVID-19 and have not returned at least one negative test
- are not fully vaccinated. On rare occasions, there may be a medical contraindication to COVID-19 vaccination. A COVID-19 medical contraindication certificate is required in this circumstance.
- have COVID-19 symptoms
- are waiting for a COVID-19 test result
- have been overseas in the previous 14 days, unless they are fully vaccinated and have received a negative test 7 days or later after their arrival.
